

Morrell Moments

January 2025

The growth of a ministry is often marked with the need for expansion. Church growth as well as personal growth is paradoxical in that it can be both joyful and painful at the same time. Although change is not easy, it is a necessary part of our lives. In the past two months we have been joyfully having to make changes in meeting locations because of church growth. **Please pray for the believers as these adjustments are made and we see more people come to Christ as a result.**

In Bragado we have had the blessing to be meeting in a place that is used for events and classes throughout the week. We are currently renting it for Sunday nights for just \$25 per week. We are thankful for the Lord's provision; however, we are continuing to look for something a little better as it is frequent that there is no water available for the facilities because of a lack of water pressure in the area. **Please pray for continued growth and the salvation of souls in Bragado.**

In 9 de Julio we have also been blessed to find a great place to meet Sunday mornings as the garage was getting too small to pack any more "sardines." The meeting hall has the appearance of an old church although there is no knowledge of it ever being a church. **Please pray growth for L and C, new believers that started attending in December. Pray also for the growth of the church and new souls to be saved.**

We visited the group in Salto and were pleased to see that they are being well cared for by a couple, Nahuel and Sabrina, from Junin (about an hour away). There are about 20 believers there, which is more than what we expected. They too have recently had to move into a larger house because they have outgrown the previous. **Please pray for their continued growth and guidance for Nahuel as he ministers to them.**

We are also experiencing growth in the camp ministry as it is necessary to construct another cabin complex that will have 6 rooms with bathrooms and a room for smaller meetings. The roof and exterior walls are complete; however, we are having to pause the project until the Lord supplies more funds to continue. **Please pray that the Lord will supply in His timing. We praise the Lord that we have a full summer of ministry with family camps and teen camps. Please pray for James as he will be the speaker at youth camp in Uruguay Feb. 10-15.**

Kid's Corner

Praise the Lord that Matthias has had some relief from the Lyme disease that he picked up while we were stateside. **Thank you for your prayers and please continue to pray for a full recovery.** He has also begun to play the guitar in the services in each of the church plants that we are involved with. **Please pray that he would continue to grow in his walk with the Lord as he serves in ministry.**

Josie had a great time of ministry and growth as she ministered in Ushuaia this month. The group went through the city handing out tracts and invitations to the church plant there. They also participated in church services and a youth rally. **Please pray for the Lord's direction in her life as she feels the Lord leading her into missions.**

Sheldon is now beginning his second semester at Bible college and getting involved in ministry opportunities like the bells and Lord willing, this summer will be participating in the Gospel Heralds ministry of ABC. **Please pray for continued growth as he seeks to serve the Lord with his gifts.**
