

Morrell Moments

January 2026

Christmas in Uruguay with the whole family together...what a blessing!

We were asked to house/camp sit for the Thompson's at the camp in Paysandu. It was an added blessing this year to have all the kids with us. The time was short, but we cherish the moments! The older three have returned to college now. Sheldon is in his second year; Hannah is halfway through her seminary training and Jaimie is in her final semester before graduating. **We are both amazed and grateful to see how God has provided for each of the college expenses. We look forward to seeing how God uses them in the future for His glory! Please continue to pray for the Lord's provision and guidance as they seek His will.**

"How can you know that you know God?" What a great question from a lady that came to the house seeking comfort from her pain and anxiety. WE had a lengthy conversation with Linda accompanied by one of the ladies from the church that brought her. She does not have a Bible, so we gave her one and encouraged her to read the book of John. She left being encouraged with the Word of God. **Please pray for the seeds of the Word that have been planted. May God bring growth and fruit in Linda's heart.** Linda's question is contrasted with another conversation that James had with an 88-year-old man that came to church last Sunday who made the strong declaration that one cannot know God. Sadly, his hardened heart was not willing to hear scriptures that were shared. **Please pray for Enrique that God would soften his heart that he might know Christ and the power of His resurrection.**

After driving 5,000 kilometers to Chile and back arriving in Gualaguaychu, a tube broke on the van causing the radiator fluid to run out. We were thankful that it happened in the city the very day we arrived and James was able to fix it. The next day James brought a couple to the airport to return after visiting the various ministries. On the way back the van broke down, yet again, but in the perfect location to have the van towed to the camp in Chivilcoy to be fixed. After extensive searching, including the possibility of a different vehicle, the Lord provided a rebuilt engine. We will be without the van for about six weeks. **Please pray for the Lord's provision and Guidance during this time as we continue to explore options.**

Thank you for your partnership with us in praying that the Lord of the harvest would send forth laborers to reach the lost in Argentina!

Kid's Corner

Summer is a welcome break from school, although we continue to do schoolwork when we do not have camp activities. We were thrilled to have Hannah, Jaimie and Sheldon with us over the Christmas break. That was the first time they came back since they left for college. It was a lot of fun and great to catch up with each one.

January started us off with the annual missionary conference in Lican Ray, Chile. It was great to be able to hang out with the other mk's and converse in English for the week. Two older mk couples shared God's Word with us. What a blessing it was!

After travelling back to Argentina, we jumped right into family camp which was already in progress. Josie and Matthias helped with the kids' game time. We also helped with family game night playing *A Minute to Win It!*

Lord willing, this next week we will be going to teen camp. Since we are currently in Gualaguaychu, we are closer to the camp in Uruguay, so we are planning to go with the teens there.
